

Good morning!

After a good nights rest (hopefully!), you need a good breakfast so we would like to offer you...

Fresh fruit juices

Yoghurts

Fresh fruit

Cereals

Porridge (cooked to order!)

Selection of pastries/breads (if i've remembered to put them out!)

Please help yourselves to these.

Oh! And if it's a sunny summer morning, please say if you would prefer to enjoy breakfast 'al fresco' on the terrace

A "proper" Yorkshire breakfast!

Smoked bacon, local pork sausages (next door farm actually!), free range eggs (from Moia's hens!) (either scrambled, fried, or poached), grilled tomato, and sautéed mushrooms.

...but if you don't do "proper" breakfasts, how about...

Scrambled egg with smoked salmon

Boiled egg with soldiers

Sautéed mushrooms on toast

Baked Beans on toast

"Yorkshire Toast" -exactly the same as French Toast, but obviously we can't call it that!

Mushroom & cheese omelette

Fresh ground coffee (decaffeinated also available)

Hot chocolate

Tea

Fruit teas

Green tea

Toast & Preserves

And if there's still something else you prefer but you don't see it on the menu, please ask because we may just have it in the store cupboard...or at the very worst, we'll have to say No!
